### **Juliette Has Designed a Garter Flask Holder For Today's Modern Mavericks** A Woman Who Wears One Doesn't Play By The Rules

**New York, NY 1-Oct-2008 06:30 AM** Juliette announced today the launch of their garter flask holders. The concept was created out of the need for brides to take away wedding day jitters while also doubling as a concealed purse. Juliette garter flask holders are perfect for weddings, bachelorette parties, clubs, college graduation, sporting events, Halloween, New Year's Eve, and as a unique Christmas or bridal party gift.

Juliette garter flask holders are made with silk fabric and include a 3-oz stainless steel flask. Their secure and stylish built-in pouch ensures the flask stays put no matter what - whether walking or dancing. The company provides a wide selection of colors and designs to fit a myriad of occasions. Juliette also works with clients to create custom garters for the entire bridal party.

"I purchased your garter flask holders for my daughter's wedding in Hawaii. The girls wore them proudly and were so amazed with the quality and beauty. The color we ordered can be worn anywhere. Thank you so much! They were truly the perfect gift for the bride and her court," said Cindy, Honolulu, Hawaii.

Clients tout additional uses for the popular accessory as it discretely holds credit cards, lip-gloss, and a cell phone - proving that when it comes to functional and innovative style, Juliette has it in the bag.
